Last month, Keiko and Amber went to Thailand. They were there for a week, spending three days in Bangkok and the rest of the time in Phuket. Both girls are interested in Asian culture, so they visited some beautiful palaces and temples. The shopping is very good in Thailand.  
5 Keiko and Amber went shopping almost every day. In Thailand, the prices are low, and you can usually bargain in the markets.

However, traffic in Bangkok is terrible, so Keiko and Amber didn't rent a car. Instead, they mostly walked, and when they got tired, they took a river taxi or tuk tuk, a taxi which looks kind of like a car, and kind of like  
10 a motorcycle. It was an interesting experience for both of them.

In Phuket, Keiko and Amber went to the beach a lot. There are some very beautiful beaches there, and the two girls rented a beach bungalow. They also got massages right on the beach. It was so relaxing.

Keiko and Amber had a lot of fun in Thailand. They want to go  
15 again next year. Here are some pictures which they took.
